Profile Summary

Third-year B.Tech student in Electrical and Electronics Engineering with a solid foundation in digital and analog circuits. Proficient in Python, C++, and web technologies; actively developing skills in DSA and Web Development through automation, ML, and hardware projects. Eager to gain practical experience in electronics and software through internships.

Education

B.Tech in Electrical and Electronics Engineering — NIT Calicut	CGPA: 6.91/10	08/2023 – 05/2027
Class 12 – CBSE, Krishna Public School, Patna	90.4%	2023
Class 10 – CBSE, SKP Vidya Vihar, Deoghar	91.3%	2021

Technical Skills:

Programming: Python, C++ **Web:** HTML, CSS, JavaScript **Tools:** VS Code, MATLAB, LT Spice, Leetcode, Simulink,

Projects

LED Hologram: *PIC18F452 Microcontroller, Timer IC, LEDs*
Developed a LED-based holographic display using a programmable timer to control LED blink timing synchronized with manual breadboard movement, creating visible characters mid-air.
Demonstrated MPMC concepts through hardware-level timing control; designed circuit and logic in a 2-member team.

Spam Email Checker using Neural Network (Backpropagation) *Python, Scikit-learn, NumPy, Pandas*
Built a spam email classifier using backpropagation; performed data preprocessing, feature extraction, and model training.
Strengthened understanding of supervised learning, neural network training, and real-world data analysis.

Certifications:

Foundation of Cybersecurity — Coursera
Fundamentals of UX Design — GDSC NIT Calicut

Positions of Responsibility:

Junior Marketing Executive — Dance & Dramatics Club: Led planning and execution of promotional strategies, boosting student participation and club visibility.
Creative Promotion Team Member — Tathva Fest, NIT Calicut: Designed and edited promotional videos and digital content, significantly increasing online reach on Instagram and WhatsApp.
Event Coordinator — RAGAM, Campus Cultural Festivals, NIT Calicut: Organized large-scale cultural events (Ragam, Durga Puja, Holi), fostering student engagement and teamwork.
Operations & Logistics Lead — RAGAM: Managed venue setup, scheduling, and crowd coordination for events with 1,000+ attendees, ensuring smooth and safe execution.
